

Cambourne Seat

Cambourne Seat with four arms

The Cambourne is an attractive, contemporary seat. It is suitable for a variety of modern urban environments where more traditional designs may look out of place. It is also available with Iroko or seasoned Oak boards.

- Fully welded steel frame, available in either Acrylic Coating or Street-Tough finish in a range of standard colours. Also available in any RAL or BS colour at additional cost
- Available with a variety of arm configurations
- Boards 40 x 150mm in black recycled plastic
- Boards are attached from the rear with tamper resistant stainless steel screws
- Frames 48 x 3mm circular hollow section and 8mm laser profiled steel, legs 114 x 3mm circular hollow section
- Length 1800mm, weight approx. 65kg.
- Supplied with extended legs for concreting in as standard, but also available with pedestal base legs for bolting down
- Supplied with seat assembled, with separate legs to bolt on
- See our website for fixing options
