

Telford Seat

Telford Seat in silver

Immensely strong and durable, the Telford is an attractive, contemporary all steel seat. Its sleek, modern design makes it suitable for a variety of urban environments where more traditional seats may look out of place.

- Street-Tough finish as standard. Acrylic coating available. Twelve standard colour options at no extra cost. Also available in any RAL or BS colour at additional cost.
- Supplied with extended legs for concreting in as standard, but also available with pedestal base legs for bolting down.
- Slats 40 x 60mm rectangular and 48mm round.
- Length 1800mm, weight approx. 80kg.
- Fully welded one-piece cradle, supplied with separate legs to bolt on.
- Available with a variety of arm configurations.
- See our website for fixing options

All steel litter bins

We manufacture a range of very robust all steel litter bins to compliment our All Steel seats. For further details, refer to page 35.

Cardiff Bin

Cast iron seats & benches with steel slats

All three of our cast iron ended styles - the Georgian, the Victorian and the Grafton - can be specified with steel slats. For further details, refer to page 21.

Cast Iron Seat with steel boards
