

Westbourne Seat

1800 Westbourne Seat

A comfortable heavy duty seat, with very substantial boards, particularly suitable for landscape schemes in a wide variety of environments. The boards are secured from the rear by stainless steel pin-in-socket fastenings, which go through the frames into timber inserts in the boards. These fastenings are secure and discreet.

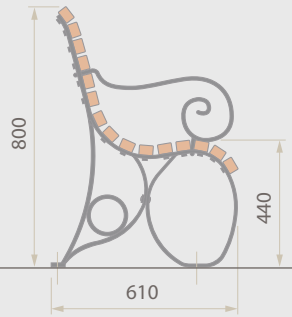

- Frames in either Acrylic Coating or Street-Tough finish in black as standard
- Boards available in Iroko or seasoned Oak
- Middle boards 45 x 70mm finished, front and top boards 70 x 70mm finished
- Legs 76 x 3mm circular hollow, all three cradle-frames 12 x 80mm flat
- Length 1800mm, weight approx. 81kg.
- Supplied with extended legs for concreting in), as standard. Also available with pedestal base legs (for bolting down), or ground anchoring version
- Pedestal base option can be bolted down with K1 rawl bolts, K4 extended rawl bolts, or K12 extended rawl bolts
- Supplied with seat assembled, with legs to bolt on
- See our website for fixing options

Letchworth Seat

Letchworth Seat

The elegance of this traditional seat, which originates from the end of the nineteenth century, is obvious. Subtle alterations to its construction have been made to make the seat both stronger and easier to manufacture, without compromising the integrity of the original design. The metal frames are Street-Tough finish as standard. The stainless steel cap head bolts which secure the slats to the frames are countersunk.

- Frames finished in green 14C39 Street-Tough as standard. Acrylic Coating available
- Boards available in Iroko or seasoned Oak
- Slats 32 x 45mm finished
- Frames 50 x 6mm flat, and 30 x 10mm flat
- Length 1800mm, weight approx. 40kg.
- Supplied fully assembled
- See our website for fixing options
